Re: Notice of File Closure for Small Mining Activities, Indian George Wash Project, S/027/077,
Millard County, Utah

Dear Messrs Foster and Holloway:

This letter is to notify you that your Indian George Wash project located in Section 30, T15S, R19W, Millard County will be closed and the file retired. We have been informed by the Bureau of Land Management that they inspected the site and found either no disturbance or the surface was satisfactorily reclaimed. The BLM subsequently closed their case file for this project. As this project was located on BLM managed lands, the Division will accept their recommendation and close our file accordingly.

You are hereby released from any further mining or reclamation responsibilities by the Division at this site. If you plan to conduct any new mining related activities in this area, you will need to submit the appropriate notice of intention, pay the Division permit fee, and receive written approval(s), prior to commencing any such activities.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5321.

Sincerely,

A handwritten signature in cursive script that reads "Tom Munson".

Tom Munson
Senior Reclamation Specialist
